Austin J. Browne

2015 Edenton Dr.   (260) 750-5560

Fort Wayne, IN 46804   ajbrowne@mtu.edu

Software Development Experience

IT/Oxygen Enterprise (MTU), Houghton, MI   November 2012 – Present

Target Mobile/Android Development Team

I have previously worked on a project for Mind Trekkers of Michigan Tech to design an app that can store all of their experiments. This app allowed users to have a profile and search for experiments by name or ingredients. YouTube, Facebook, and Twitter were also integrated. I have just begun work on an Android app for the Target Corporation.

Additional Experience

Frontier Communications, Fort Wayne, IN   June 2013 – August 2013

IT Intern - Operations Monitoring

Worked closely with team of 4-5 people to ensure that the Frontier Communications infrastructure, which provides internet, TV, and phone services, was kept stable. Daily duties included AS400 tapes operations and reporting bank drafts as well as monitoring various alerts for host/servers in the BPPM alert monitoring software. Also worked with daily health checks run on company websites to assure full functionality.

Northeast Indiana Regional Partnership, Fort Wayne, IN   July 2012 – August 2012

Event Intern

Worked with Vision 2020 and Millennial 2020 to prepare for Spark Tank event, aimed to seed fund the best business ideas of Fort Wayne's millennials. Prepared activities and helped to coordinate event. Contributed to Facebook page and event website blogs. Worked sign-in table at event.
